### **Maximum Fighterz: Direct Offensive Action Crack + [32|64bit]**

Surrender to the Emperor is a turn-based strategy game with fast-paced sword-slinging action. Fight on foot, in the air, and at sea using a variety of tactics and innovative combat techniques. Surrender to the Emperor is a game with a number of multiple endings, depending on how you and your team of imperial heroes face the enemy. If you survive, your victory in war will be recorded in the annals of your emperor! Key Features: Choose your side!- The game features 4 playable characters: one for each side of the conflict. Whether it's war for the glory of one nation or war for the freedom of your people, you can't go wrong! Mission-based campaigns- Campaigns feature a storyline, with multiple stages per campaign. At the end of each level, a quest will reward you with items that are used to upgrade your weapon, armor, and your character. The quests are easy to complete and they reward you with useful stuff to help you on your way. Combative gameplay- Perform special moves by holding down the buttons at the bottom of the screen. You can also dash in a variety of directions, using the buttons on your sides to pull off special moves in mid-air. Use your assigned weapon and armor to dismember your enemies! Field level randomization- Up to 8 players can each select one side, and one of the strategies to win the game. Multiplayer modes- In Conquest, you can either play against your friends, or play against the AI. In Conquest, every time you win a match, you receive a new hero. You can use any hero you get to fight for you in the next conquest! Special Forces Command- You can use the power of the emperor to guide your special forces in the battle. There are over 20 special forces to choose from. Each hero has an own special stats. For example: The storming man is more powerful in melee combat, but more fragile in close range. He is one of the best choices for close range defense. Test your strategy skills in the Arena!- The arenas are procedurally-generated so you will always be fighting on a new battlefield each time you play. You will also be able to choose the speed of the map, how many turns there are, the number of soldiers on each side, and how many enemies you can fight at a time. Call on a Catapult to c9d1549cdd
